Medicare Advantage health plan organizations must identify, track, resolve and report all activity related to an appeal or grievance.

Medicare Advantage Member Appeals

What is an Appeal?

An appeal is a type of request you make when you want us to reconsider a decision concerning coverage of a service or the amount your health plan pays or will pay for a service. The initial decision concerning medical care or services is called an “organization determination.”

When can an Appeal be filed?

You may file an appeal within 60 calendar days of the date of the initial organization determination. The 60-day limit may be extended for good cause. Include in your written request the reason why you could not file within the 60-day timeframe.

Who can file an Appeal?

You may file an appeal or someone else may file an appeal on your behalf. You must appoint the individual to act as your representative to file the appeal for you. To learn how to name a representative, contact Customer Service.

How can an Appeal be filed?

An appeal must be filed in writing directly to us. You may call Customer Service for additional information. Refer to Section I of the Summary of Benefits for the Customer Service address and phone number.

Fast Reviews

You have the right to request and receive fast decisions affecting your medical treatment in “time-sensitive” situations. A situation is time-sensitive if waiting for a decision to be made within the standard timeframe could seriously harm your health or your ability to function. If your doctor provides a written or oral statement supporting your need of a fast review we will automatically give you a fast review. A decision will be issued as quickly as possible but no later than 72 hours after receiving the request.

Medicare Advantage Member Grievances

What is a Grievance?

A grievance is a complaint that doesn’t involve coverage for an item or service by your health plan or a contracting medical provider. If your grievance involves quality of care, you have the right to file a grievance with the Quality Improvement Organization (QIO) of your state. Refer to Section I of the Summary of Benefits for the name and phone number of the QIO in your state.

For Members with Medicare Part D Drug Coverage through our Plan

Coverage Determinations

We will make an initial decision as to whether or not we will provide the Part D drug you are requesting or pay for the Part D drug you already received. This initial decision is called a “coverage determination.”

Exceptions

You or your doctor may ask us to make an exception to our Part D coverage determination. You may request an exception if you believe you need a drug that is not on our list of covered drugs or believe you should get a non-preferred drug at a lower out-of-pocket cost. Generally, we will only approve your request for an exception if the alternative Part D drug is included in your plan’s formulary or the Part D drug in the preferred tier would not be as effective in treating your condition and/or would cause you to have adverse medical effects. **Your doctor or other prescriber must submit a statement supporting your exception request.** In order to help us make a decision more quickly, the supporting medical information from your doctor or other prescriber should be sent to us with the exception request. If we approve your exception request for a Part D non-formulary drug, you can’t request an exception to the copayment or coinsurance amount we require you to pay for the drug. If you think you need an exception, you should contact us before you try to fill your prescription at a pharmacy.

Part D Drug Appeals

If you are getting Medicare prescription Part D drug coverage through our plan you have the right to file an appeal. This includes the right to appeal our decision regarding your exception request. Follow the process outlined above to file an appeal. An appeal concerning coverage determinations must be filed in writing directly to us.

Part D Drug Grievances

If you are getting Medicare prescription Part D drug coverage through our plan, you have the right to file a grievance. Follow the process outlined above to file a grievance concerning your Part D prescription drug coverage.
